May 26-29, 2020

New Orleans, Louisiana

## Reach NCVH Attendees in New Orleans

**What's on the Horizon?** is the official conference newspaper of the NCVH Annual Conference. Placing an advertisement delivers your message to healthcare professionals working together to provide the best care available to their patients. The NCVH audience includes cardiologists, surgeons, podiatrists, family physicians, nurses and allied health professionals.

**What's on the Horizon?** is published three times onsite during NCVH: Wednesday, Thursday and Friday. Each issue is actively distributed to attendees as they enter the education sessions and exhibits. Increase booth traffic and promote your product line by advertising in **What's on the Horizon?** Each issue includes live editorial coverage of educational sessions and photos from the exhibit hall.

- Complimentary publication of one 300-word press release with each advertising placement
- Posted to [NCVH.org](http://NCVH.org) and NCVH social media channels.
- Distributed via email to more than 30,000 healthcare professionals

## Advertising & Marketing Opportunities Include:

### Complimentary Press Release Publication

Each display advertisement purchase, quarter-page or larger, includes the complimentary publication of one 300-word press release in each issue that the ad appears.

### Page One Postcard

Reach attendees in New Orleans with a high-impact opportunity: page one postcard. Cost includes printing (5" x 7", coated card stock, two-sided) and placement on page 1 of the *What's on the Horizon?* issue of your choosing.

- Cost: \$3,350 per issue. One placement per day.

### Bellyband

Wrapped around the publication. Ask for specs and availability. One per issue.

- Cost: \$4,100 per issue.

### NCVH Email Newsletter: Digital Advertising

A daily email newsletter with show daily links, conference news, photos and the day's schedule will be sent to more than 30,000 healthcare professionals nightly during the conference. Opportunities available in pre-, onsite and post-conference marketing emails. See page 3 for details.

- Banner ad (530 px w x 120 px h): \$800 per placement (max. 4 per issue)

### Promote Products

Every issue of *What's on the Horizon?* will feature a Product Showcase section. See page 3 for details.

- Cost: \$850 per placement (appears in all three issues).

## Specifications

• **Sizes** – Trim size is 11" wide x 15" high and printed on 60# offset (coated) stock. No bleeds, except for spreads across the gutter. Ads should be designed to the sizes indicated. Differently-sized ads will be reduced/enlarged to fit the ad size as closely as possible. If provided ads include crop marks, publisher will crop the image accordingly and reduce/enlarge to fit the ad size as needed.

• **Files** – High-resolution Adobe PDF files are strongly preferred, but TIFF, JPEG, EPS with clipping paths, Adobe Illustrator, and Adobe InDesign files (with all accompanying graphics and fonts) are also accepted. Quark files cannot be accepted. All fonts must be embedded. Files can be e-mailed, sent on a PC-readable CD, or posted to our ftp site (contact us for transfer procedure). All colors should be built out of CMYK process. Files must include high-resolution graphics (300 dpi or better) and all fonts (screen and printer). Color reproduction is assured to generally-accepted industry standards.

• **Proof** – A printed proof of the file itself is strongly recommended

with submission of disk or e-mail. Otherwise include it with the final package. Without a proof, we are not responsible for the outcome of the ad (color, fonts, text, etc.). Advertisers will be billed at cost for time required to prepare files to above standards, author's alterations, etc.

• **Alternating Artwork** – Advertisers are invited to change their artwork in each issue. If doing so, please send separate PDF files for each issue rather than one file with multiple pages. Include the appropriate issue number in the file's name.

• **Suggestions** – For best reproduction: Maximum combined density of 240% with one solid. Two secondary colors should not exceed 75% each. Any single color not intended to print solid should not exceed 80%. Add 10% undercolor removal for cyan. Type should be surprinted in areas having tint values of 30%. Four-color type reserves should not be smaller than 10 points, 14 points if using a narrow font. Reverse out of at least 70% tone value in black, magenta, or cyan.

• **File Submission** – Please contact CustomNEWS for FTP information.

• **Other information** – CustomNEWS pays a standard 15% commission to recognized agencies.
