10:00 AM to 3:30 PM – Hands On Workshops

Each partner will have an assigned workstation space. This space is intended for a product manager or physician faculty partner to introduce a device, technique, or concept of an interventional procedure to each of the groups as they rotate through all stations over the course of the day.

Each workshop will have a 30-minute rotation with Fellows.

3:30 PM to 6:00 PM – Tear Down (Chambers Rooms)

Rotation Schedule

****a detailed rotation schedule will be published one week prior to the event***
